

Happy Creek Minerals Ltd. Announces a Private Placement Financing

September 1, 2021, Vancouver, British Columbia – Happy Creek Minerals Ltd. (TSX-V: HPY) (“Happy Creek” or the “Company”) announces the intention to raise up to C\$250,000 by way of a non-brokered private placement of up to 5,000,000 common shares at a price of C\$0.05 per common share (the “**Private Placement**”).

The proceeds of the Private Placement will primarily be used to fund the Company’s ongoing exploration programs and for general working capital.

All common shares issued under the Private Placement will be subject to a four-month plus one day hold period in accordance with applicable Canadian securities laws. Closing of the Private Placement is subject to receipt of all necessary regulatory approvals, including those of the TSX Venture Exchange, and certain other customary closing conditions, including, but not limited to, execution of the subscription agreements between the Company and the subscribers. The Private Placement is expected to close mid to late September. The Private Placement is not subject to any minimum aggregate subscription.

In addition to other prospectus exemptions commonly relied on in private placements, the Private Placement will be available to existing shareholders of the Company who, as of the close of business on September 1, 2021, held common shares of the Company (and who continue to hold such common shares as of the closing date), pursuant to the prospectus exemption set out in BC Instrument 45-534 - *Exemption from prospectus requirement for certain trades to existing security holders* and in similar instruments in other jurisdictions in Canada (the “**Existing Shareholder Exemption**”). The Existing Shareholder Exemption limits a shareholder to a maximum investment of CAD\$15,000 in a 12-month period unless the shareholder has obtained advice regarding the suitability of the investment and, if the shareholder is resident in a jurisdiction of Canada, that advice has been obtained from a person that is registered as an investment dealer in the jurisdiction. If the Company receives subscriptions from investors relying on the Existing Shareholder Exemption exceeding the maximum Private Placement, the Company may *adjust the subscriptions received on a pro-rata basis*.

The Company will also make the Private Placement available to certain subscribers pursuant to BC Instrument 45-536 - *Exemption from prospectus requirement for certain distributions through an investment dealer* (the “**Investment Dealer Exemption**”). In accordance with the requirements of the Investment Dealer Exemption, the Company confirms that there is no material fact or material change about the Company that has not been generally disclosed.

In connection with the Private Placement, the Company will pay a cash finder’s fee to certain finders equal to 6% of the gross proceeds raised and issue broker warrants to certain finders in a quantity equal to 6% of the aggregate number of common shares sold. Each broker warrant will entitle the holder to purchase one common share of the Company at a price of \$0.06 for a period of three years following the closing of the Private Placement.
